Re: TELEPHONE  
Phillips Farmhouse.

At Mr. Watson's request last evening I spoke to Mr. Molineaux, District Manager at New Brunswick of the New York Telephone Company. Mr. Molineaux informs me, to the best of his knowledge, there was no 'phone in working condition at the Phillips Farm at the time of the murder. He said of course he has to rely upon his chief clerk, D. H. McCan, for this information. He says that there was a 'phone in the house but that it was not connected in such a way that it could be used.

Mr. Molineaux also stated that the same question was asked of him by the authorities four years ago and at that time he gave them the same information which he furnished me. Mr. Molineaux requested that this information be considered as confidential and unofficial and that if we required anything in writing that we take it up with the company through the proper channels.

Respectfully submitted:

*David Thompson*
